Hi Jillian,

Please see attached map package. Tiaa will search for the reports and follow up.

Dawn

Thanks so much, Dawn. I really appreciate it. This looks to be the same format as Montgomery County's data. By chance, do you also have the trash reports from 2011 – 2018? As well as the map package that shows these sites geospatially? Those were included in Montgomery's submission, so I'm hoping this may be an easy request.

Thank you!

Hi Jillian,

Metropolitan Washington Council of Governments (MWCOG) performs stream monitoring and windshield surveys for the County. Attached are summaries of stream monitoring data and windshield survey data. Please review and let me know if this information is sufficient. Feel free to contact Tiaa Rutherford, Litter Reduction Manager, at (301) 883-6226 or me should you have any questions or need additional information.

Kind Regards, Dawn

Dawn Hawkins-Nixon, P.E., CFM

Hi Dawn,

I work in EPA Region 3 doing TMDLs and lists of impaired waters. I'm working on developing a revised trash TMDL in the Anacostia watershed and am looking for available data. I've received data from Montgomery County and D.C. and am hoping to collect similar data from Prince George's county. By chance, can you send me the county's available trash data? I suspect it may include instream monitoring data and street surveys.

Let me know if that's possible. Thank you!
